JUST THE FACTS HISTORY SCAVENGER HUNT

The answers to the “no touch” scavenger hunt can be found throughout the park.

We hope that you will enjoy seeing the entire park as you search for the answers.

1. What do you think the iron beams/poles next to the path near the large Live Oak Tree at the amphitheater were used for?
2. How many canals operated in the South Carolina River and Canal System between 1800 and 1830?
3. What was the name of the landing on the Santee River where the Santee Canal began?
4. How many feet did the canal rise from the Santee River to the summit?

5. How many feet did the canal rise from the Cooper River to the summit?
6. How many locks were built on the Santee Canal?
7. How many years did it take to build the Santee Canal?
8. Between what years was the Stony Landing House built?
9. Stony Landing was once a part of what large land area?
10. Name someone who lived in the Stony Landing House.
11. How many flags are in the murals around the Little David?
12. What ancient tool from the Paleolithic Period was found during an archaeological study of the park?

13. Name one of the plantations, other than Stony Landing, mentioned in the Interpretive Center.
14. How long was the Santee Canal?
15. How many pounds of black powder were used in the torpedo of the Little David?
16. How many wheelbarrow loads of soil did each person working on the Santee Canal have to remove each day?
17. When did construction begin on the canal?
18. Who was the Engineer of the Santee Canal?
19. Who designed the Little David?
20. Name the antebellum canals that were part of the South Carolina River and Canal System.
