Printed on recycled paper, using
soy-based inks.

Santee Cooper's Green Power is generated from methane gas from decomposing garbage and from the sun.#

Generating power from renewable resources:

- Helps preserve the environment for future generations
- Reduces demand on our natural resources and increases our energy independence
- All revenues from Santee Cooper's Green Power are used to develop renewable energy projects in South Carolina

Impact of Your Green Power Purchase

When you sign up for just 2 blocks of Green Power for 12 months at just \$6 a month, you are making the same environmental impact as:

Not driving your car for almost 3 months!†

Planting over 1/3 acre of trees!†

YES! Sign me up for ___ blocks* of Green Power at \$3.00 per block a month and I'll receive a computer monitor snooze button—push the button and send your computer into sleep mode.**

I'm already a Green Power customer and want to purchase ADDITIONAL Green Power and receive a computer monitor snooze button! Sign me up for ___ more blocks* per month at \$3.00 per block.**

Name _____ Date _____

Santee Cooper Account No. _____

Santee Cooper Service Address _____

City _____ State _____ Zip _____
